PROFESSIONAL SUMMARY

Entry-level Data Analyst with hands-on project experience in Excel, SQL (PostgreSQL), Power BI and Python (Pandas). Skilled in data cleaning, exploratory analysis, dashboard development and turning data into business insights. Completed end-to-end projects covering sales, customer behavior, churn and inventory demand. Prior operations and freight pricing roles provide practical exposure to business reporting and data-driven decision-making.

TECHNICAL SKILLS

Data Analysis: Excel (PivotTables, PivotCharts, Power Query), SQL, PostgreSQL, Exploratory Data Analysis, Data Cleaning, Basic Statistics

BI & Visualization: Power BI, Power Query, DAX, Dashboard Development, Data Visualization, Matplotlib, Seaborn

Programming & Libraries: Python, Pandas, NumPy

Tools: Git, GitHub, Generative AI tools for analytics

PROJECTS

End-to-End Sales & Customer Analytics | PostgreSQL, Python, Pandas, Power BI

- Analyzed customer, order and product datasets in an end-to-end workflow, using SQL for data validation and business analysis.
- Used Python (Pandas) for deeper analysis of sales, customer behavior, products and categories, and built an interactive Power BI report on business performance.

Inventory Optimization & Demand Planning | PostgreSQL, Power BI, DAX

- Analyzed 1 million+ inventory-demand records, performing SQL-based data validation and demand analysis by product, warehouse, category and month.
- Built an interactive Power BI dashboard with DAX measures for demand KPIs, trends and month-over-month analysis.

Customer Churn Analysis | Python, Pandas, NumPy, Matplotlib, Seaborn

- Cleaned and analyzed customer churn data, comparing churned and retained customers across categorical and numerical factors.
- Created visualizations and business recommendations based on the findings.

E-commerce SQL Analysis | PostgreSQL, SQL

- Performed data validation and business analysis using joins, aggregation, CASE, subqueries, CTEs and window functions.
- Analyzed customers, products, revenue and sales trends.

Food Delivery Performance Dashboard | Power BI, Power Query, DAX

- Cleaned food delivery data and created DAX measures, KPIs, slicers and interactive visuals for a business performance dashboard.

Retail Sales Analysis | Excel, PivotTables, PivotCharts, Power Query

- Cleaned and analyzed retail sales data using formulas, PivotTables, charts and KPIs to review products, categories and sales trends.

WORK EXPERIENCE

Export Import Executive | Logistics24x7.com India Pvt. Ltd., New Delhi Oct 2025 – Jun 2026

- Prepared regular Excel-based activity reports covering bookings, CRM updates and operational data.
- Checked invoices, maintained shipment-related records and verified operational information used for internal reporting.
- Maintained structured records to support data-driven operational tracking.

Sea Freight Pricing Executive | Abhishek Cargo Movers Pvt. Ltd., New Delhi Jan 2025 – Sep 2025

- Prepared freight quotations and collected pricing data from shipping lines and logistics partners.
- Compared freight rates to support pricing and quotation decisions.
- Maintained structured pricing records and worked with operational and pricing data to support day-to-day business decisions.
